

= iPhone Entwicklung FAQ

== Für App Beta Tester

=== Wie finde ich die Device ID meines iPhones heraus? *

http://www.innerfence.com/howto/find-iphone-unique-device-identifier-udid?mail_to=mr0738%40mro.name * [Quelle bei Apple](#)

=== Wo finde ich die Crash Logs? * [Apple: "Sending Crash Reports to a Developer"](#) und * [Apple Technical Note TN2151](#)

== Graphik Designer === Bildmaterial: Was und welchen Größen

* [iPhone HIG: Creating Custom Icons and Images](#) * [App Icon, Startbild, Settings Icon](#) * [Navigation- und Toolbar Icons](#) * [Tab bar Icons](#) * [Launch Image](#)

=== iPhone 4 - doppelte Pixeldichte

* [HIG - Tips for Creating Great High-Resolution Artwork](#) * [APG - Supporting High-Resolution Screens](#)

== Für Interaction Designer

=== Wo finde ich die Apple iPhone Techtalks? * Als "[Registered Developer](#)" anmelden und dann [hier entlang](#). Vor allem die „Essential Videos“ sind's wirklich.

=== Gibt's einen Styleguide? * [Apple: "Phone Human Interface Guidelines" \(iPhone HIG\)](#) === GUI Bausteine * [iPhone HIG: Application Controls](#) * [iPhone HIG: Tabellen](#)

=== Übliche Gesten? * [iPhone HIG: Gestures users make to interact with iPhone OS-based devices](#)

=== Standardicons? * [iPhone HIG: "System-Provided Buttons and Icons"](#)

=== Nachrichten und Warnungen * [iPhone HIG: "An action sheet, a modal view, and an alert"](#)

=== Sound * [iPhone HIG: Using Sound](#) === Wie sollte man Datumswerte/Uhrzeiten formatieren? [Apple sagt](#): „You are encouraged, however, not to change individual settings, but instead to use the NSDateFormatter style constants to specify pre-defined sets of attributes that determine how a formatted date is displayed. ... These are styles that the user can configure in the International preferences panel in System Preferences. If you specify your own format string, you lose user-configurability.“ == Lokalisierung / Übersetzung

* [Info Plist Inhalte - z.B. Homescreen Name](#) * [App Icon & Default Image](#) (kann pro Sprache + URL Schema anders sein!)

== App Store * Bildmaterial, Marketing Material:

<http://developer.apple.com/iphone/appstore/marketing.html> * [Apple App Store Tips](#)

[iPhone](#), [FAQ](#), [Styleguide](#), [HIG](#), [Artwork](#)
